

Topical Workshop on Emittance Measurements for Light Sources and FELs

Monday, 29 January 2018

Monday Afternoon II - Maxwell Auditorium (16:20 - 18:00)

-Conveners: Ubaldo Iriso

time	[id] title	presenter
16:20	[11] Beam size measurements using heterodyne speckle fields	Mr SIANO, Mirko
16:50	[12] Beam size diagnostics using x-rays imaging and interferometry	Prof. SNIGIREV, Anatoly
17:20	[27] Cherenkov Diffraction Radiation as a potential Beam Size Measurement Technique	Mr BERGAMASCHI, Michele
17:30	[13] Proposals for diffraction limited light sources (Open Discussion)
