

Hands-on workshop on Macromolecular Crystallography

23 Oct
2017

ALBA SYNCHROTRON

Carrer de la Llum 2-26
Cerdanyola del Vallès
Spain

This workshop will discuss several protocols to optimise **data collection of native or anomalous MX data with MXCuBE**, data processing with **XDS** and **ab initio phasing with ARCIMBOLD0**.

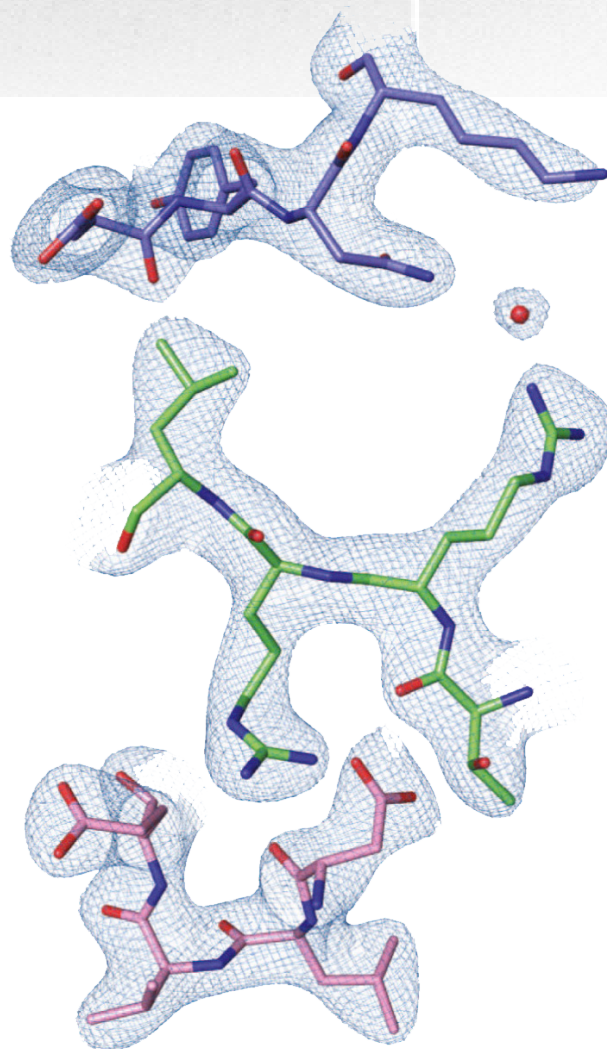

The workshop will also include a **tutorial on the analysis of difficult cases** provided by the assistants, a **demo of new beam-line capabilities** such as in-situ crystal diffraction and a **visit to ALBA**.

FREE Event

Registration is mandatory
before September 29th 2017.
