

# Low Emittance Ring – Permanent Magnets Workshop

## Tuesday, 14 November 2023

### Session 3: Magnets Prototypes & Measurement (14:30 - 16:30)

-Conveners: Emanuel Karantzoulis

time	[id] title	presenter
14:30	[11] Update on the measurement and operation of a ZEPTO tunable permanent magnet quadrupole on Diamond Light Source	ALEXANDER, Bainbridge
15:00	[13] Qualification and alignment of permanent magnets at CERN	MARIANO, Pentella
15:30	[12] Elettra longitudinal transverse gradient dipole	DOMÍNGUEZ MARTÍNEZ, Manuel Ángel
16:00	[14] New permanent magnet technology developments based on CBETA experiences	TRBOJEVIC, Dejan
