

Webcast TEDxCERN - Breaking the rules

Report of Contributions

Contribution ID: 0

Type: **not specified**

Tim Dixon

Friday, 9 October 2015 14:30 (15 minutes)

proposes that science embrace people power

Session Classification: Session 1 Rule-breakers

Contribution ID: 1

Type: **not specified**

Linda Liukas

Friday, 9 October 2015 14:45 (15 minutes)

writes about coding for children because it is this era's literacy need

Session Classification: Session 1 Rule-breakers

Contribution ID: 2

Type: **not specified**

Giham Kamel

Friday, 9 October 2015 15:00 (15 minutes)

sheds new light in the Middle East through scientific collaboration

Session Classification: Session 1 Rule-breakers

Contribution ID: 3

Type: **not specified**

Michael Bodekaer

Friday, 9 October 2015 15:15 (15 minutes)

revolutionizes science education through 3D virtual labs

Session Classification: Session 1 Rule-breakers

Contribution ID: 4

Type: **not specified**

Madeleine Lancaster

Friday, 9 October 2015 15:30 (15 minutes)

grows brain organoids to discover what makes us human

Session Classification: Session 1 Rule-breakers

Contribution ID: 5

Type: **not specified**

S. Matt Liao

Friday, 9 October 2015 15:45 (15 minutes)

discusses how different neuro technologies can affect personality

Session Classification: Session 1 Rule-breakers

Contribution ID: 6

Type: **not specified**

Imogen Heap

Friday, 9 October 2015 16:00 (15 minutes)

sculpts music with Mi.Mu gloves

Session Classification: Session 1 Rule-breakers

Contribution ID: 7

Type: **not specified**

Rachel Armstrong

Friday, 9 October 2015 17:15 (15 minutes)

innovates and designs sustainable solutions that promote new transferrable ways of thinking

Session Classification: Session 2 Visionaries

Contribution ID: 8

Type: **not specified**

Jeff Frost

Friday, 9 October 2015 17:30 (15 minutes)

merges visual and auditory art forms to create vast reverse light paintings

Session Classification: Session 2 Visionaries

Contribution ID: 9

Type: **not specified**

Edda Gschwendtner

Friday, 9 October 2015 17:45 (15 minutes)

accelerates particle physics to create smaller colliders

Session Classification: Session 2 Visionaries

Contribution ID: **10**

Type: **not specified**

TED Ed animation

Friday, 9 October 2015 18:00 (15 minutes)

The origin of gold might be on Supernovas

Session Classification: Session 2 Visionaries

Contribution ID: **11**

Type: **not specified**

David Lunney

Friday, 9 October 2015 18:15 (15 minutes)

he now hangs around CERN's radioactive beam facility ISOLDE, transmuting lead atoms into gold.

Session Classification: Session 2 Visionaries

Contribution ID: **12**

Type: **not specified**

Sean Follmer

Friday, 9 October 2015 18:30 (15 minutes)

transforms the way we interact with each other through electronic devices

Session Classification: Session 2 Visionaries

Contribution ID: 13

Type: **not specified**

Aleksandra or Donkey Drones (not confirmed yet!)

Friday, 9 October 2015 18:45 (15 minutes)

Session Classification: Session 2 Visionaries

Contribution ID: **14**

Type: **not specified**

Neil Gershenfeld

Friday, 9 October 2015 19:00 (15 minutes)

redefines the boundaries between the physical and digital worlds, making personal fabrication of prototypes possible

Session Classification: Session 2 Visionaries

Contribution ID: **15**

Type: **not specified**

Vikki Stone

Friday, 9 October 2015 19:15 (15 minutes)

brings love into the programme with songs about particle physics and physicists

Session Classification: Session 2 Visionaries
