

## **SYNCHROTRON RADIATION TO STUDY ATOMIC LAYER DEPOSITION**

ALBA SYNCHROTRON – 13<sup>th</sup> – 15<sup>th</sup> June 2016  
Cerdanyola del Vallès – Barcelona – Spain

The [ALBA Synchrotron](#), the newest 3<sup>rd</sup> generation synchrotron in the Mediterranean area, and the European COST action [HERALD](#) are happy to announce the first workshop: “Synchrotron Radiation to study Atomic Layer Deposition”, which will be held at the ALBA facility near Barcelona, Spain.

This workshop aims to gather scientists who are working in both the fields of ALD and SR-based material characterization. The goal is to share experiences, to discuss how to answer fundamental research questions about ALD with SR-based experiments, to find solutions for technical obstacles and to develop new ideas for SR-based ALD experiments.

The three-day workshop will consist of different parts. On the first two days there will be four topical sessions with invited (introductory) lectures and contributed talks, and one evening poster session. On the third day we plan a visit to the beamlines of ALBA and tutorial sessions on the treatment and analysis of SR data.

The workshop will treat various topics, from the construction of ALD reactors and gas delivery systems, to the development of new ALD precursors.

ALD in Spain has a very short history, therefore it is evident that the ALD market in Spain has room for strong improvement.

## SPONSORSHIP OPPORTUNITIES

All sponsors will be recognized in the opening and closing remarks.

All sponsors will receive a logo listing (with link) on the workshop web sponsors page.  
Banner ad size depends on the sponsorship level.

All sponsors will receive a logo listing in the Program/Abstract Book. Abstract book ad size depends on the sponsorship level.

All sponsors will receive a logo listing on floor standing signs located in the registration, session, and exhibit areas.

We offer two opportunities to sponsor the workshop:

1. Platinum sponsor (sponsorship with exhibition).

Registration of one representative, one abstract book, plus any other conference material.

Exhibition stand: draped table (90x180cm<sup>2</sup>), 2 chairs, and power.

Banner ad size: 600x75 (jpg or gif).

Abstract book ad size: full page ad A4 size. Full colour portrait.

Additional representatives must register as conference attendees at the conference: <https://indico.cells.es/indico/event/63/registration/>

2. Silver sponsor (sponsorship without exhibition).

Registration of one representative, one abstract book, plus any other conference material.

Banner ad size: 125x125 jpg or gif.

Abstract book ad size: half page ad A4 size. Full colour portrait.

Additional representatives must register as conference attendees at the conference: <https://indico.cells.es/indico/event/63/registration/>

Sponsorship level	Representative registered	Exhibition stand	Banner ad size (jpg or gif)	Abstract book ad size	Price
Platinum	1	1	600x75	Full page	1000€
Silver	1	-	125x125	Half page	500€

**Request of sponsorship should be sent by email to [Massimo Tallarida](#)**
