

Dear Sir / Madam,

We are pleased to announce the next MEDSI'16 conference event at Barcelona in September'16 and we would like to invite you to become one of the sponsors of the event.

MEDSI is a biennial conference addressed to international experts on accelerators and beamlines technology. In its 9th edition, about 200 delegates from synchrotron facilities from all over the world, will have the opportunity to showcase and exchange cutting-edge developments in mechanical design and engineering of synchrotron-based instrumentation. We believe this is an excellent opportunity for your company.

The MEDSI'16 venue will offer the sponsors an exhibition hall to be shared simultaneously with the coffee and lunch breaks as well as poster presentations. The sponsors will have available an exhibition area, that includes dressed tables and chairs. An elevator pitch is at sponsors disposal during delegates pause intervals in order all the sponsors to present their companies and products. Therefore the conference will offer several opportunities of networking and marketing that your company should not miss.

For further information please visit [www.meds2016.org](http://www.meds2016.org) or contact Carles Colldelram.
